Sample Voicemail:

I urge you to do everything in your power to pass a permanent solution for the 800,000 DREAMers whose lives are jeopardized now that President Trump ended DACA. These young people did everything we asked them to. They bravely came forward. They passed rigorous background checks. And now they are students, teachers, social workers, and entrepreneurs.

Support our youth by cosponsoring and voting for The DREAM Act of 2017 (S.1615/H.R.3440), which would provide DREAMers a path to citizenship. Please make sure that this bill is passed without strings attached, no extra money for ICE and no money for the wall.

3 Share the petition on your Facebook page asking your friends to fill it out as well.
